CBP / Trade Monthly Meeting Agenda

Wednesday, February 6, 2019

8:30 AM @ LC - De La Garza Bldg., Room 101

CBP Announcements:

PENDING OLD BUSINESS:

- 1) Government Shutdown – status
- 2) CBP Seals – status
- 3) Inbond New Procedures suspended - status

NEW BUSINESS:

- 1) **Haz-Mat via WTB:** There have been news reports that Hazardous Material is currently moving through WTB (southbound). Can CBP confirm if this is correct? If so, will WTB be authorized to move HAZ-MAT northbound as well?
- 2) **FP&F Penalties** = The Trade has seen an increase in penalties for failure to do self-export of inbonds (for those who opted self-exports). It was understood by the Trade there would be no penalties during the transition to the new Inbond rules. Please confirm.
- 3) **FP&F contacts:** Can the Trade receive an updated list of numbers to contact (or emails) for FP&F?
- 4) **ABI Notes:** Trade continues to receive devanning invoices for intensive exams, but there are no notes in the system. Has there been a change in process by CBP? (Examples attached).

- 5) **Export Lot:** Please confirm hours of operation for the Export Lot Modular building.
- 6) **CBP Ag:** Products requiring inspections by AQI, can AQI add ABI notes to indicate the goods were inspected? Some NOAs are not stamped/signed. This would help identify if the driver stopped or not.
- 7) **CBP Ag / USDA =** As part of the ACE PGA for meat shipments, brokers are transmitting electronic data for USDA-FSIS with the entry. However, the Trade is still being required to include the physical form FSIS 9540-1 with the shipment. Kindly explain why the form is still required if the information is available electronically.
